BENJAMIN BARRETT & SON

Dealers and Growers of Small Fruits

Plants of all the Leading Varieties for Sale

BLUE ANCHOR, N. J.

1916

SPRING AND FALL

We would say to those whom we may do business with, that we have been growing small fruits exclusively for the last twenty-eight years, and keep nothing in the plant line, only what is profitable; and the varieties we offer are of the best to give general satisfaction almost anywhere.

Every order will have our personal attention. If any error is made, we stand ready to correct same.

Our shipping facilities are of the best.
Our terms are CASH from unknown parties.

BLACKBERRIES

The following Blackberries are all growing on our place:

The Ward is a good, fine berry where it gets good treatment, and will do its best in light sandy soil: on heavy soil it is inclined to rust.

The Kenoyer is a very early berry, and ripens its crop in a few days. It is all out of the way before the Ward is ready for picking.

The Mercereau is our best, and has given us better results for labor and capital invested than any blackberry that we ever had. In fact, we cannot say too much in its favor. We have a fine lot of plants of this variety, that we offer at prices within the reach of all.

The Blower is another good one, and on our farm does well. We can recommend it to any one who desires a good profitable blackberry.

Prices for Blackberries

\$10 per 1000; \$5 per 500; \$1.50 for 100; 50c for 12.

RASPBERRIES

The St. Regis is what we call the "everbearing," and is one of the best varieties ever introduced. It was found and propagated within three miles of our farm, and we are in a position to furnish plants true to name, of this fine variety.

The Welch and the King are two good all around profitable raspberries. St. Regis, \$10 per 1000; \$6 for 500; \$1.50 per 100; 50c for 12, Early, King, Welch, \$8 per 1000; \$5 for 500; \$1 for 100; 40c for 12.

STRAWBERRIES

The Superb is one of the Fall bearing varieties and you make no mistake in planting the Superb. Stephens, Late Champion, Heritage, Mascot, Chesapeake, Doras, are all good ones, and profitable to grow.

Superb, \$6 per 1000; \$4 for 500; 40c for 12.
Stephens, Late Champion, Heritage, \$2 1000; \$1 for 500; 50c for 100 25c for 12.
Doras, Mascot, Chesapeake, \$3 per 1000; \$1 50 for 500; 60c per 100; 30c for 12.

GOOSEBERRIES

We have grown Gooseberries for twenty-five years, and during this time have tried and listed many, and to-day we grow but one variety,—

The Houghton, and we offer year-old plants, well rooted, at \$12 per 1000

DEWBERRIES

We grow only the **Lucretia**, which is by far the best grown. Lucretia Dewberry Plants. \$5 per 1000; \$3 for 500, 50c for 100; 20c for 12.

SWEET POTATO SEED AND PLANTS

JERSEY YELLOW.—This seems to be the preferred name for the Sweet Potato grown mainly in New Jersey. Our Vineland Fancy Strain has for years been carefully selected from the best Jersey Yellow seed, having a smooth skin, good form, color and general appearance as well as productiveness and keeping qualities, and we feel confident there can be no better seed Sweet Potatoes obtained anywhere. No. 1 will run from 1 to 1½ inches in diameter.

JERSEY RED.—Has the general characteristic of the Jersey Yellow. Is of a much better quality and superior for table use. Our stock is smooth and chunky.

VINELAND BUSH.—It is a true bush from the Jersey Yellow, resembling it in leaf. It forms a thick bushy top of dark green leaves and presents a most luxuriant appearance. It is as easy to cultivate and care for as a bush bean, and there are no vines to bother in digging.

BIG STEM JERSEY.—Most rapid grower and heaviest yielder of the Jersey Yellow type, and therefore growing to marketable size much earlier in the season.

PRICES OF VARIETIES

	Peck	Bus.	Bbl.		Peck	Bus.	Bbl.
Jersey Yellow	\$0.75	\$1.25	\$3.00	Jersey Reds	\$0.75	\$1.25	\$3.00
Big Stem Jersey.....	.75	1.25	3.00				

I have a few barrels of No. 2 Seed which I will sell as long as they last at \$2 50 per barrel. Price subject to market changes.

SWEET POTATO PLANTS

Ready about May 10.

	Mail 100	Express 100 1000		Mail 100	Express 100 1000
Jersey Yellow	\$0.75	\$0.40 \$2.00	Jersey Big Stem, Imp.	\$0.70	\$0.40 \$2.00
Vineland Bush85	.50 3.00	Red Bermuda75	.50 2.50
Jersey Red70	.40 2.00			

Fifty plants at 100 rates, and 500 at 1000 rates, of any kind.

LATE TOMATO PLANTS

Our fine varieties of late tomatoes that we offer are the best varieties for canning market and home use: you can not get any better plants and at such low prices.

Bonny Best	}	\$0.25 per 100, by mail
Matchless		.20 per 100, by express
Stone		.75 per 500, by express
Success		1.25 per 1000, by express
Red Rock		Over 5000, \$1.00 per 1000

GRAPE VINES

IVES SEEDLING.—This is one of the best grapes because it does not rot. It is a fine grape for market, also for wine. Grape juice companies will leave all others when they can get the Ives. It is very sweet when good and ripe. All growers should plant it for money making.

Two year old, each, 25c:	12, \$1.00:	50, \$2 50:	100, \$4.00:	1000, \$20.00
One year old, each, 20c:	12, 90c:	50, \$1.50:	100, \$2.00:	1000, \$15.00

CAULIFLOWER PLANTS

The Snowball cauliflower is well adapted for home gardens or commercial use.

Snowball	}	100, by mail, 75c; by express, 50c
		500, by express, \$1.75; 1000, by express, \$3.25

ASPARAGUS

One year old roots of the following, French Giant, Argentine, \$3 per 1000: Palmetto, \$3 per 1000.

California Privet, one year old plants, good size, and well rooted, \$4 per 1000.
